

REMARKS

This voluntary amendment is being submitted to add new claim 31. Support for new claim 31 may be found, for example, in the specification, beginning on page 5, line 25, and beginning on page 6, line 10. No new matter is being added.

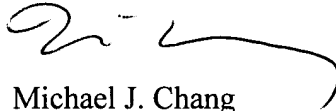

New claim 31 has been added to more particularly point out and distinctly claim various features of the invention, consistent with the scope of the originally filed specification, in order to give applicants the protection to which they are entitled.

Applicants submit that all of the pending claims, i.e., claims 1-31, are in condition for allowance and such favorable action is earnestly solicited.

If any outstanding issues remain, or if the Examiner has any further suggestions for expediting allowance of this application, the Examiner is invited to contact the undersigned at the telephone number indicated below.

The Examiner's attention to this matter is appreciated.

Respectfully submitted,
